

# RSYC *Racing*

On Saturday 25 April 2026, Royal Southampton Yacht Club's Racing Practice Day (RPD) took place off the Beaulieu River, in glorious sunshine.

The RPD is a great way to refresh racing skills at the start of the season.

The easterly breeze oscillated between 6 and 11 knots, which was ideal for the crews to practice their drills in benign conditions.

The schedule was three practice starts, two windward/leeward races and a round-the-cans race to finish the day. So six starts in about 3 hours!

**The Race Management Team of Guy and Zoe Darby, plus Remy awarded bottle prizes for notable performances as follows:**

**Contessa 32 Fleet      – Jemima of Farley**

**RSYC Fleet              – Second Chance**
